Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 27 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with showery outbreaks.

This Evening and Tonight:
Staying dry during the evening as cloud continues to move in. Outbreaks of rain are likely in western areas overnight, spreading further inland at times. Minimum temperature 7 deg C (45 deg F).

Friday:
Outbreaks of rain and drizzle continuing throughout Friday, most likely in the west but their extent remains uncertain. Some dry periods are likely too but cloudy conditions hampering temperatures somewhat. Maximum temperature 18 deg C (64 deg F).

Outlook for Saturday to Monday:
Turning brighter on Saturday, with some showers. Plenty of sunshine and the odd shower on Sunday. Bank Holiday Monday looks to be dry with sunny spells. Warmer than of late.
